- Regulus Notes:

  1) Line thickness 12pt
- 2) Keep proportions inside squares based on robot type (Main, Prime or Divine)

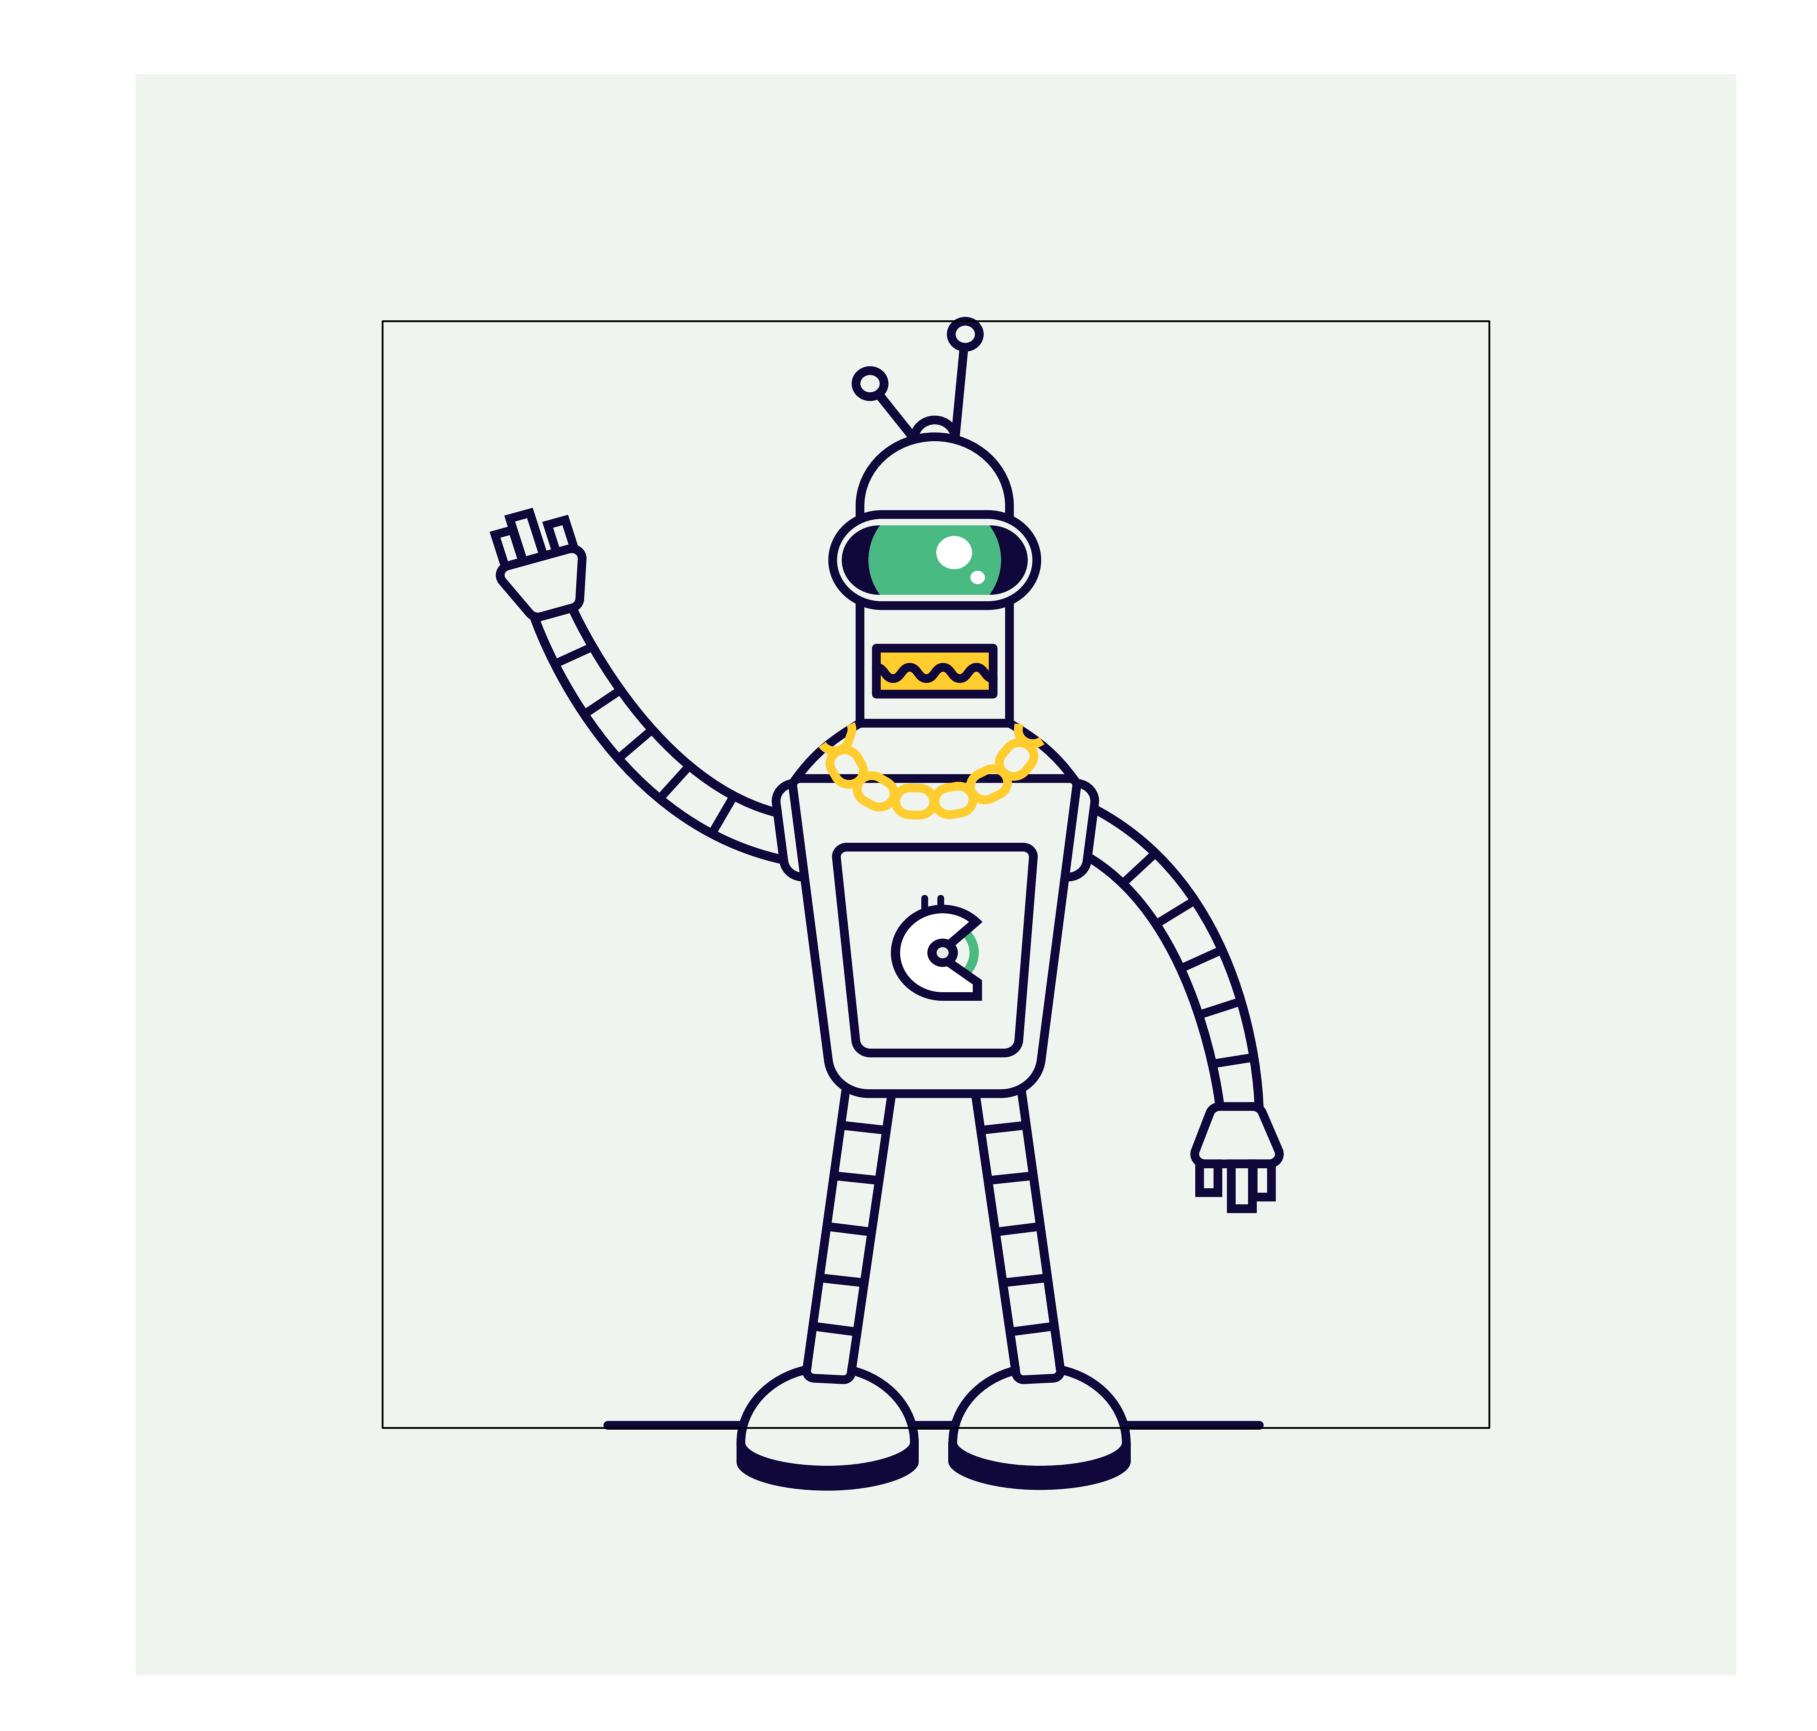

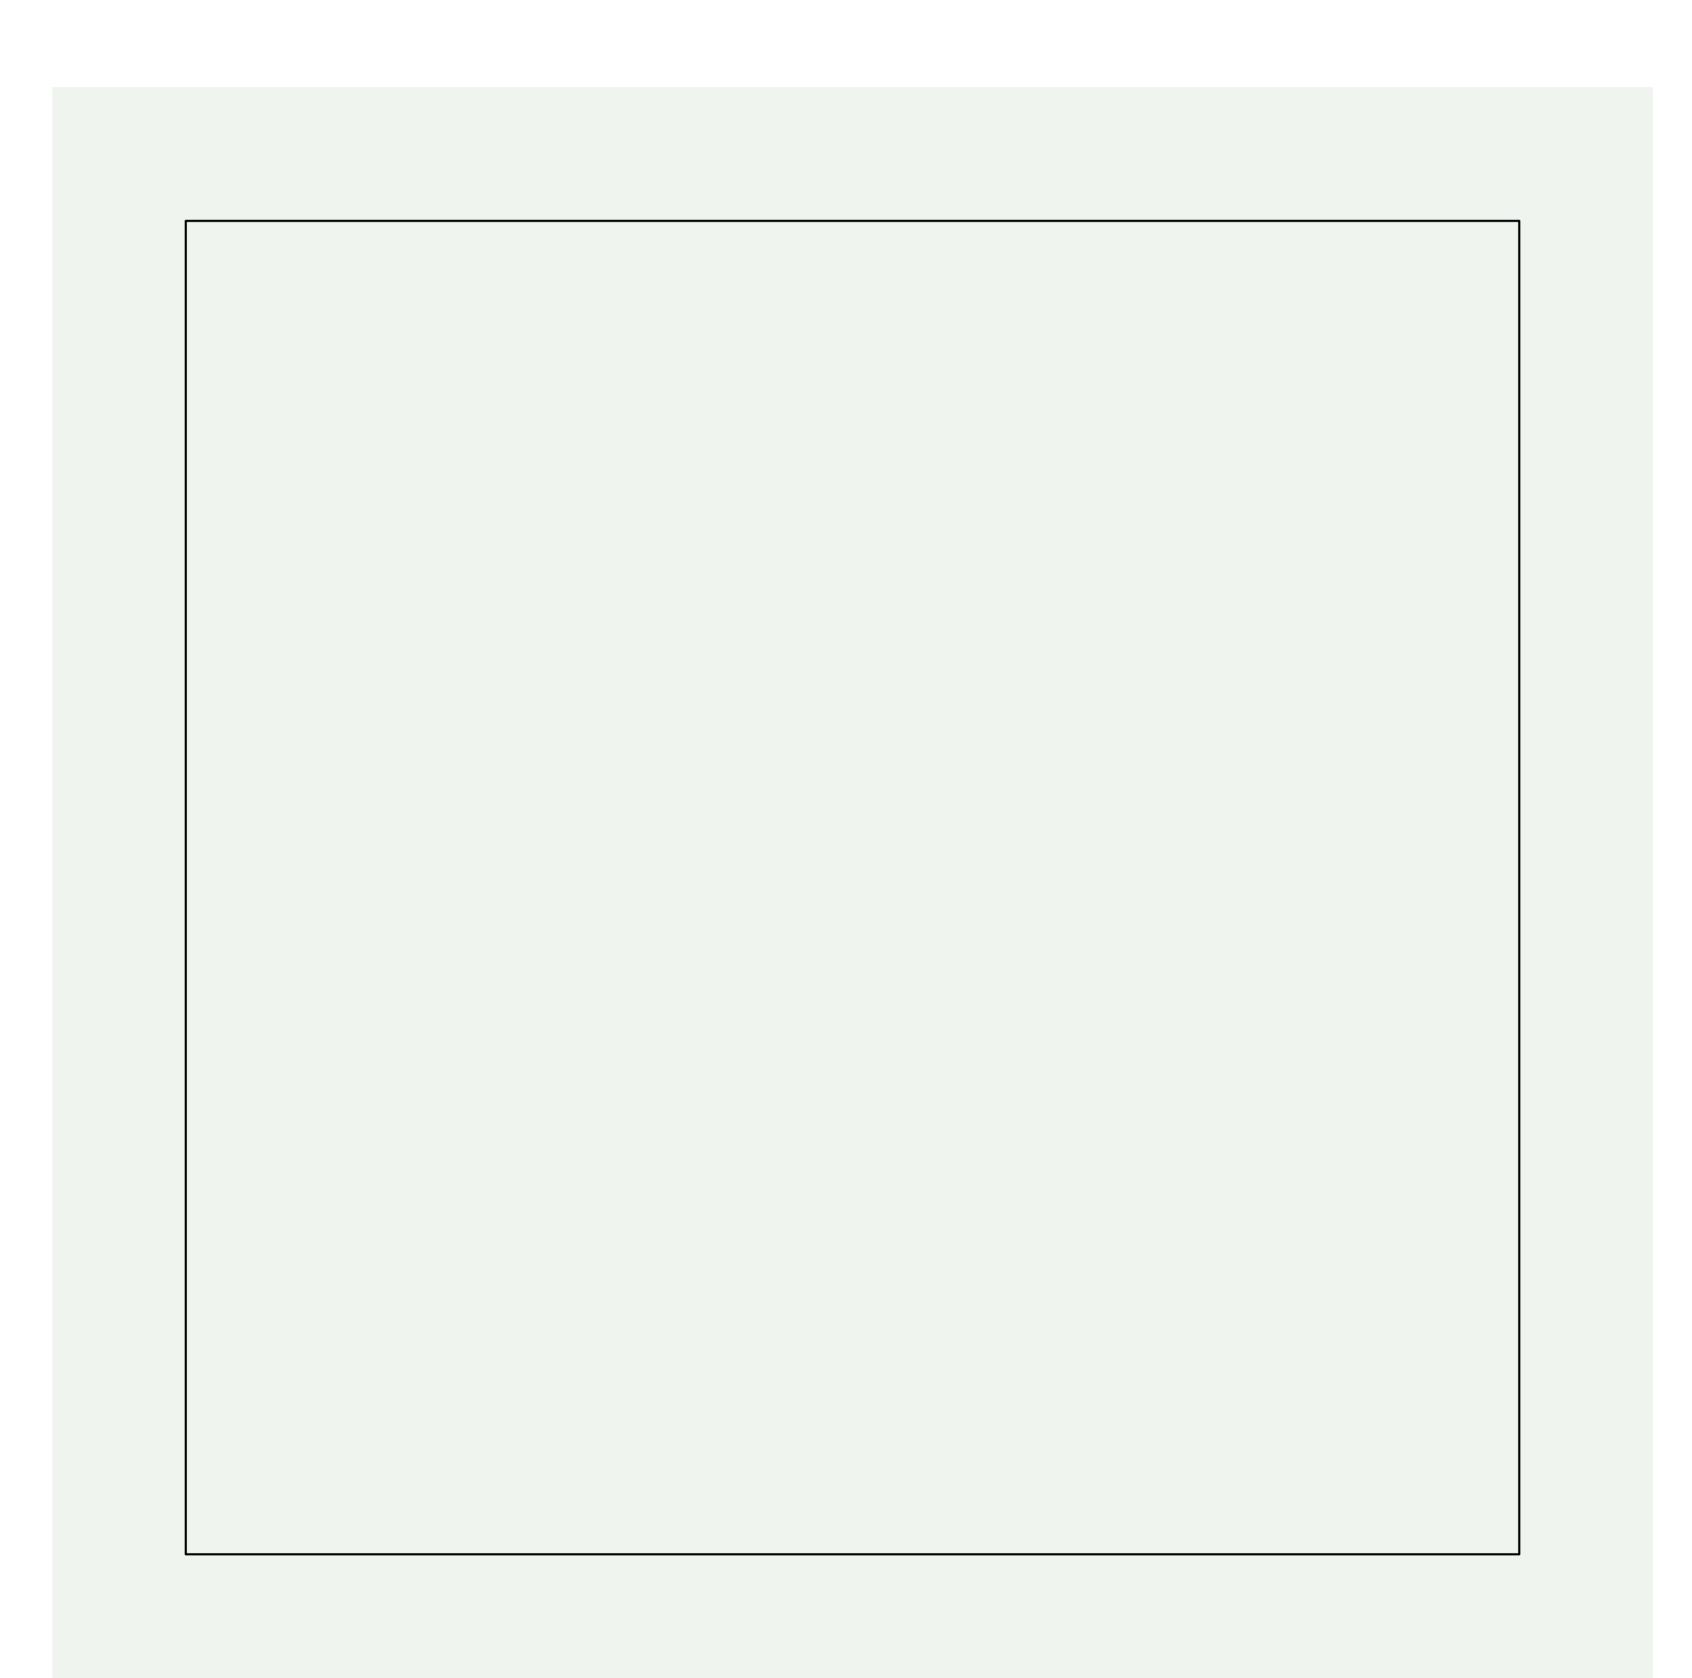

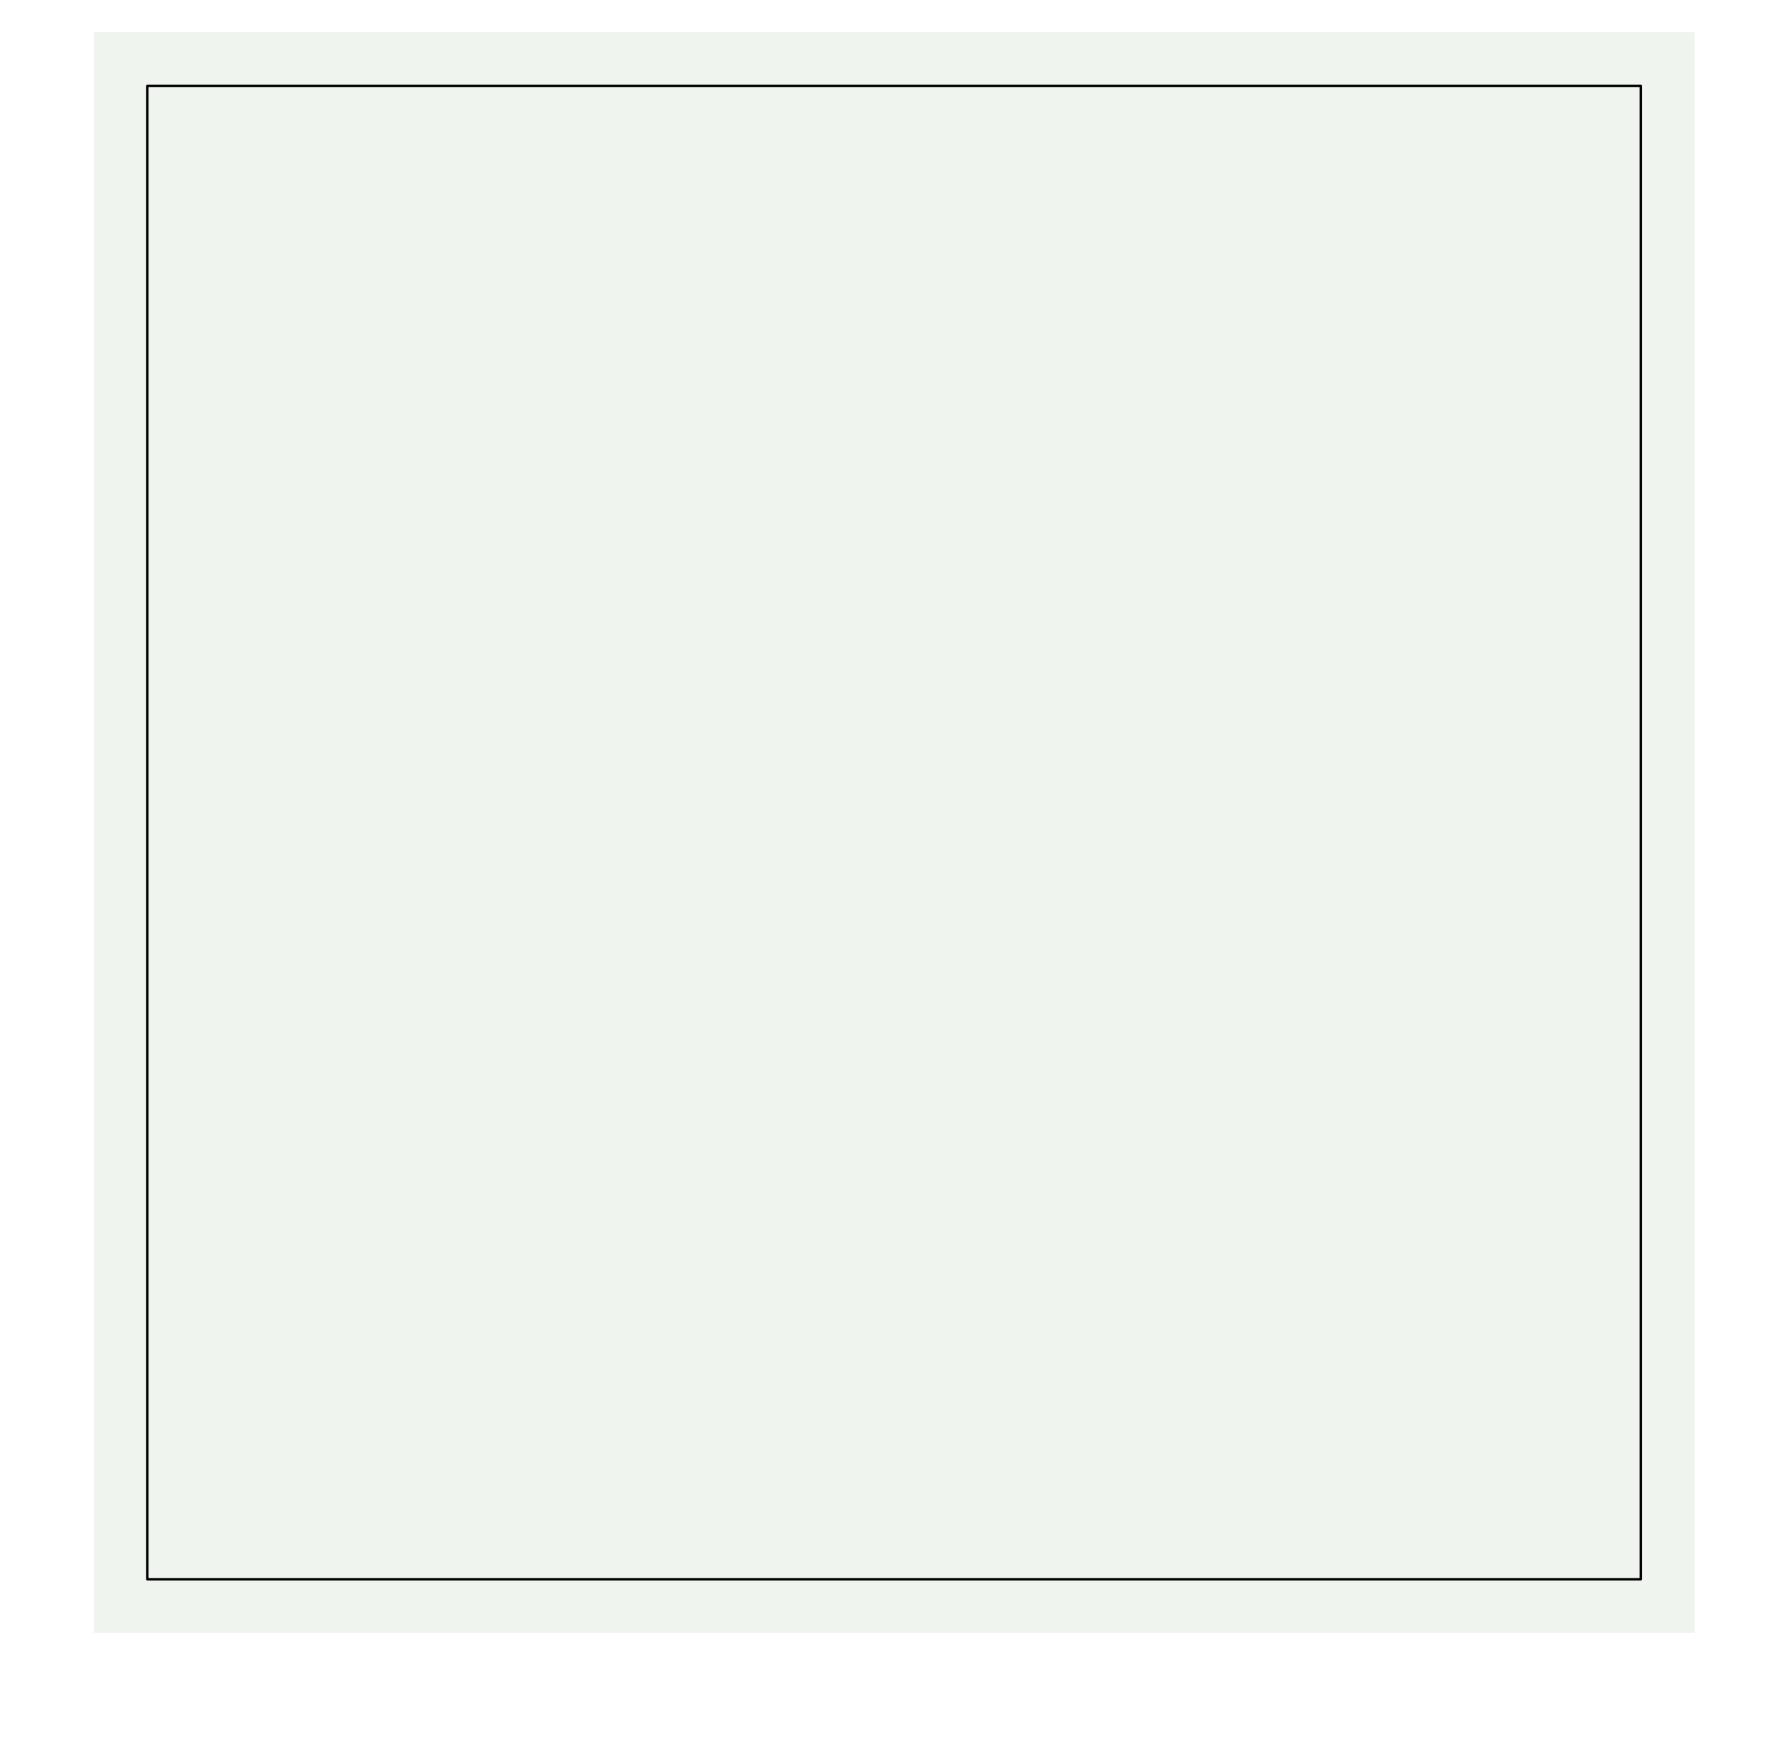

## Bender Notes:

- 1) line thickness not consistent with Regulus
- 2) Proportions not in keeping with Regulus standards

TLDR using this alongside Regulus will be hard as the images wont look consistent

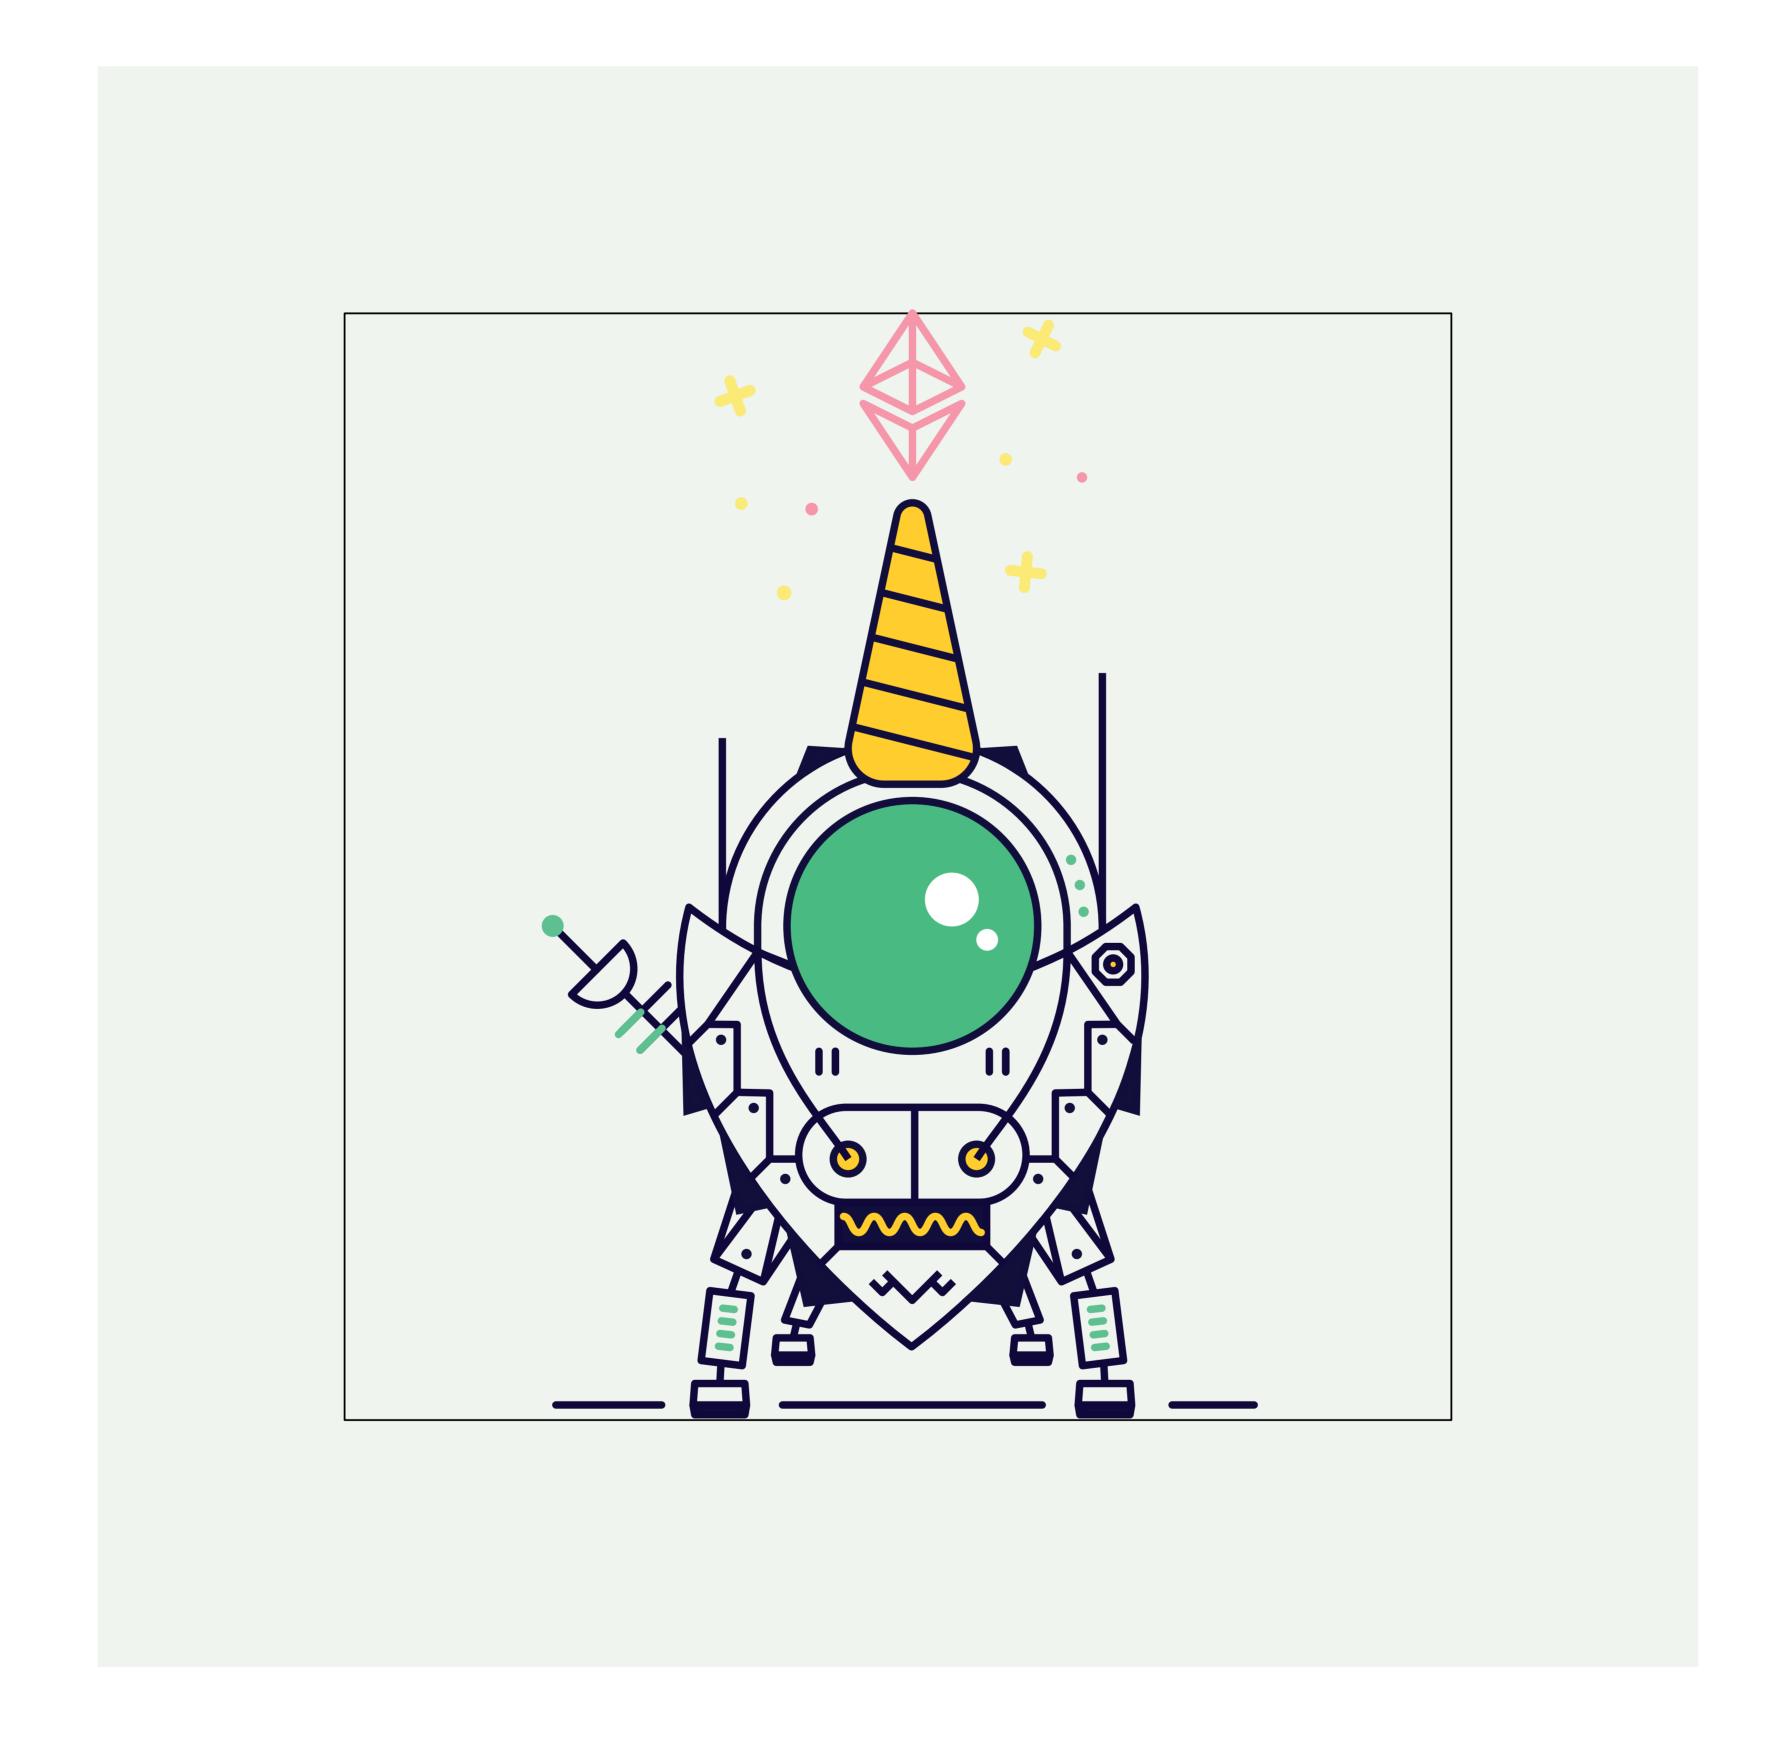

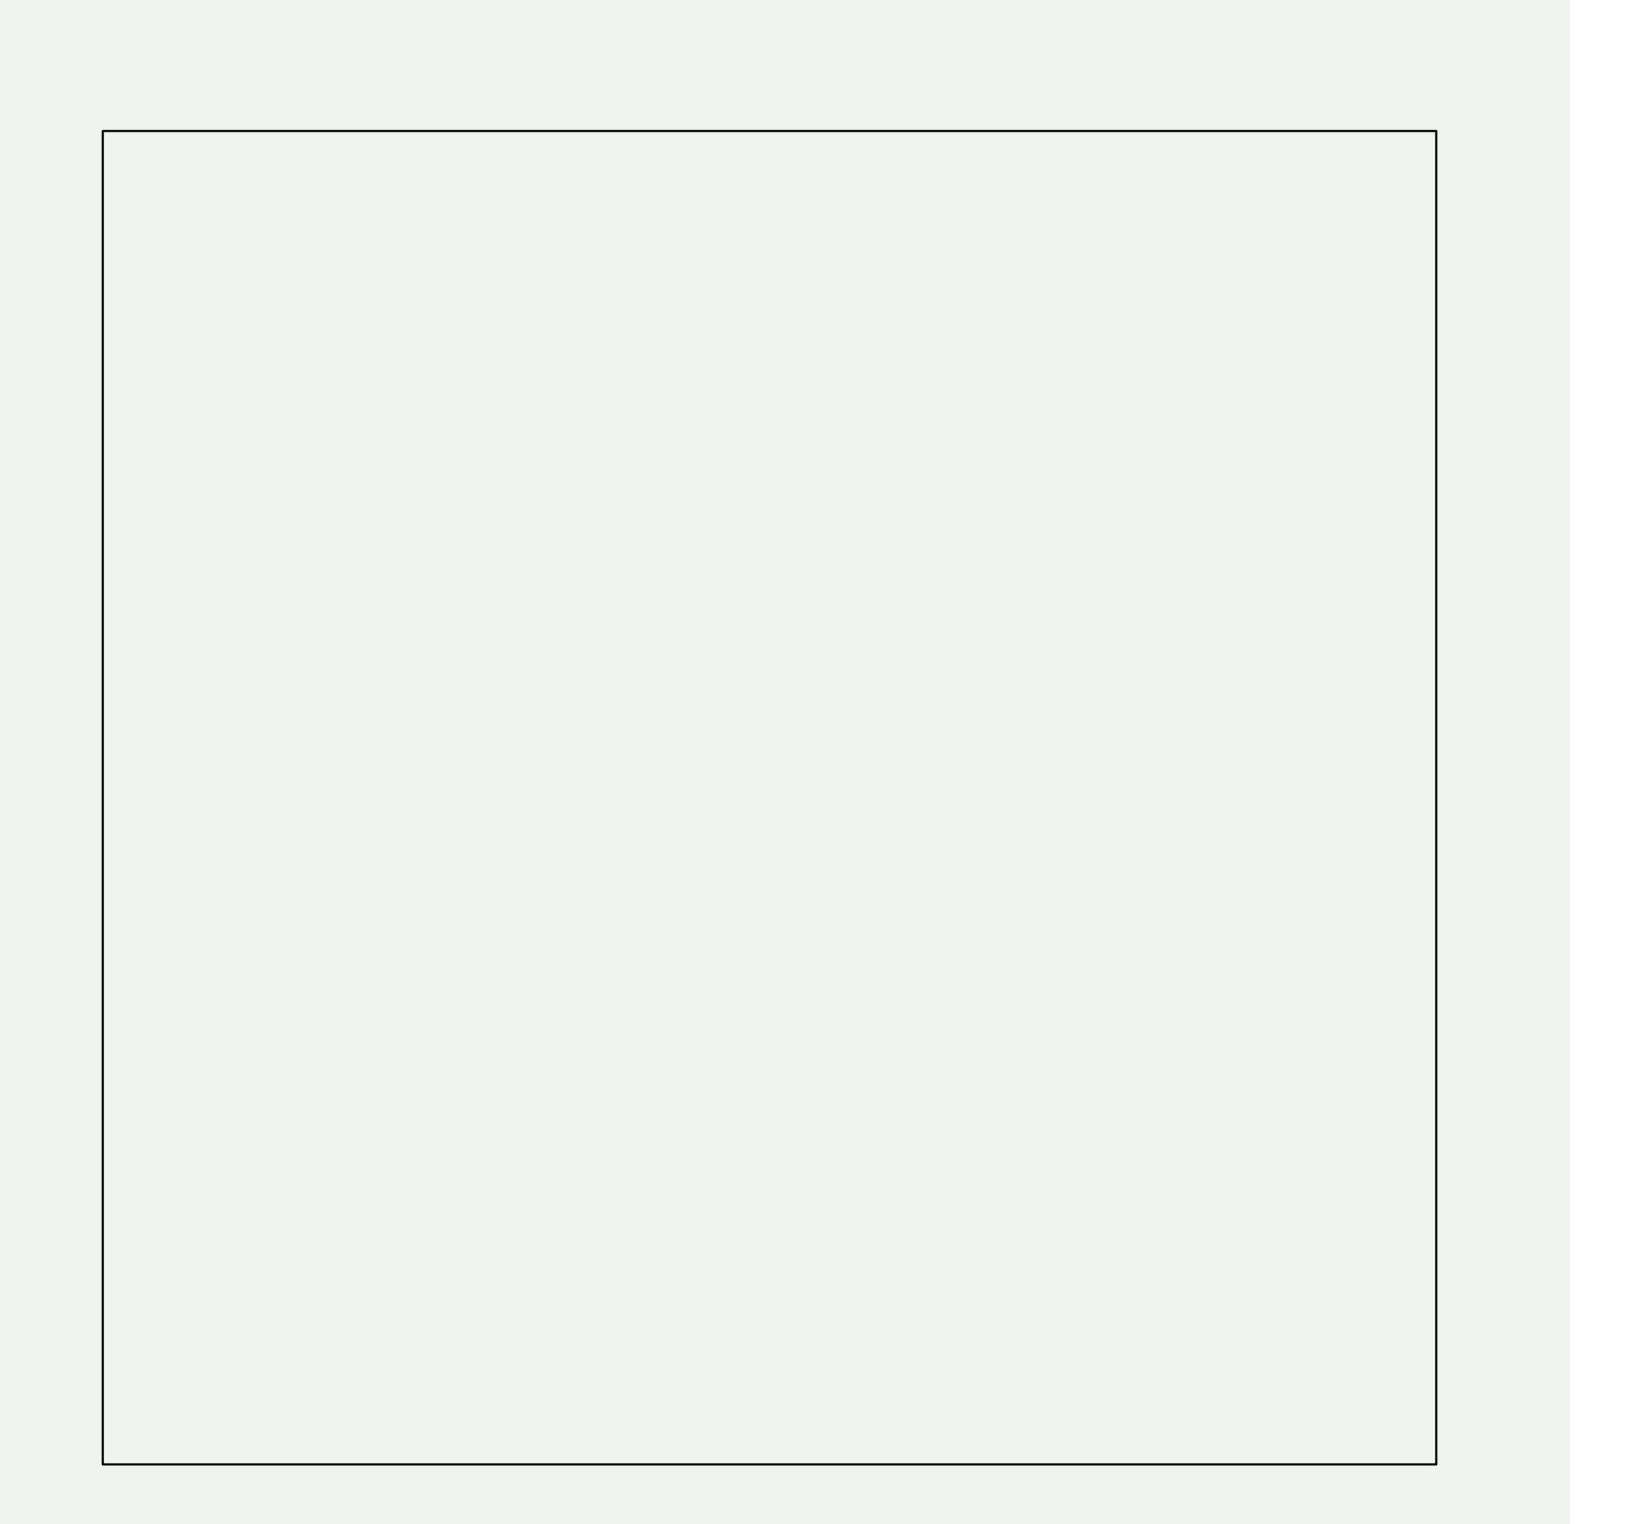

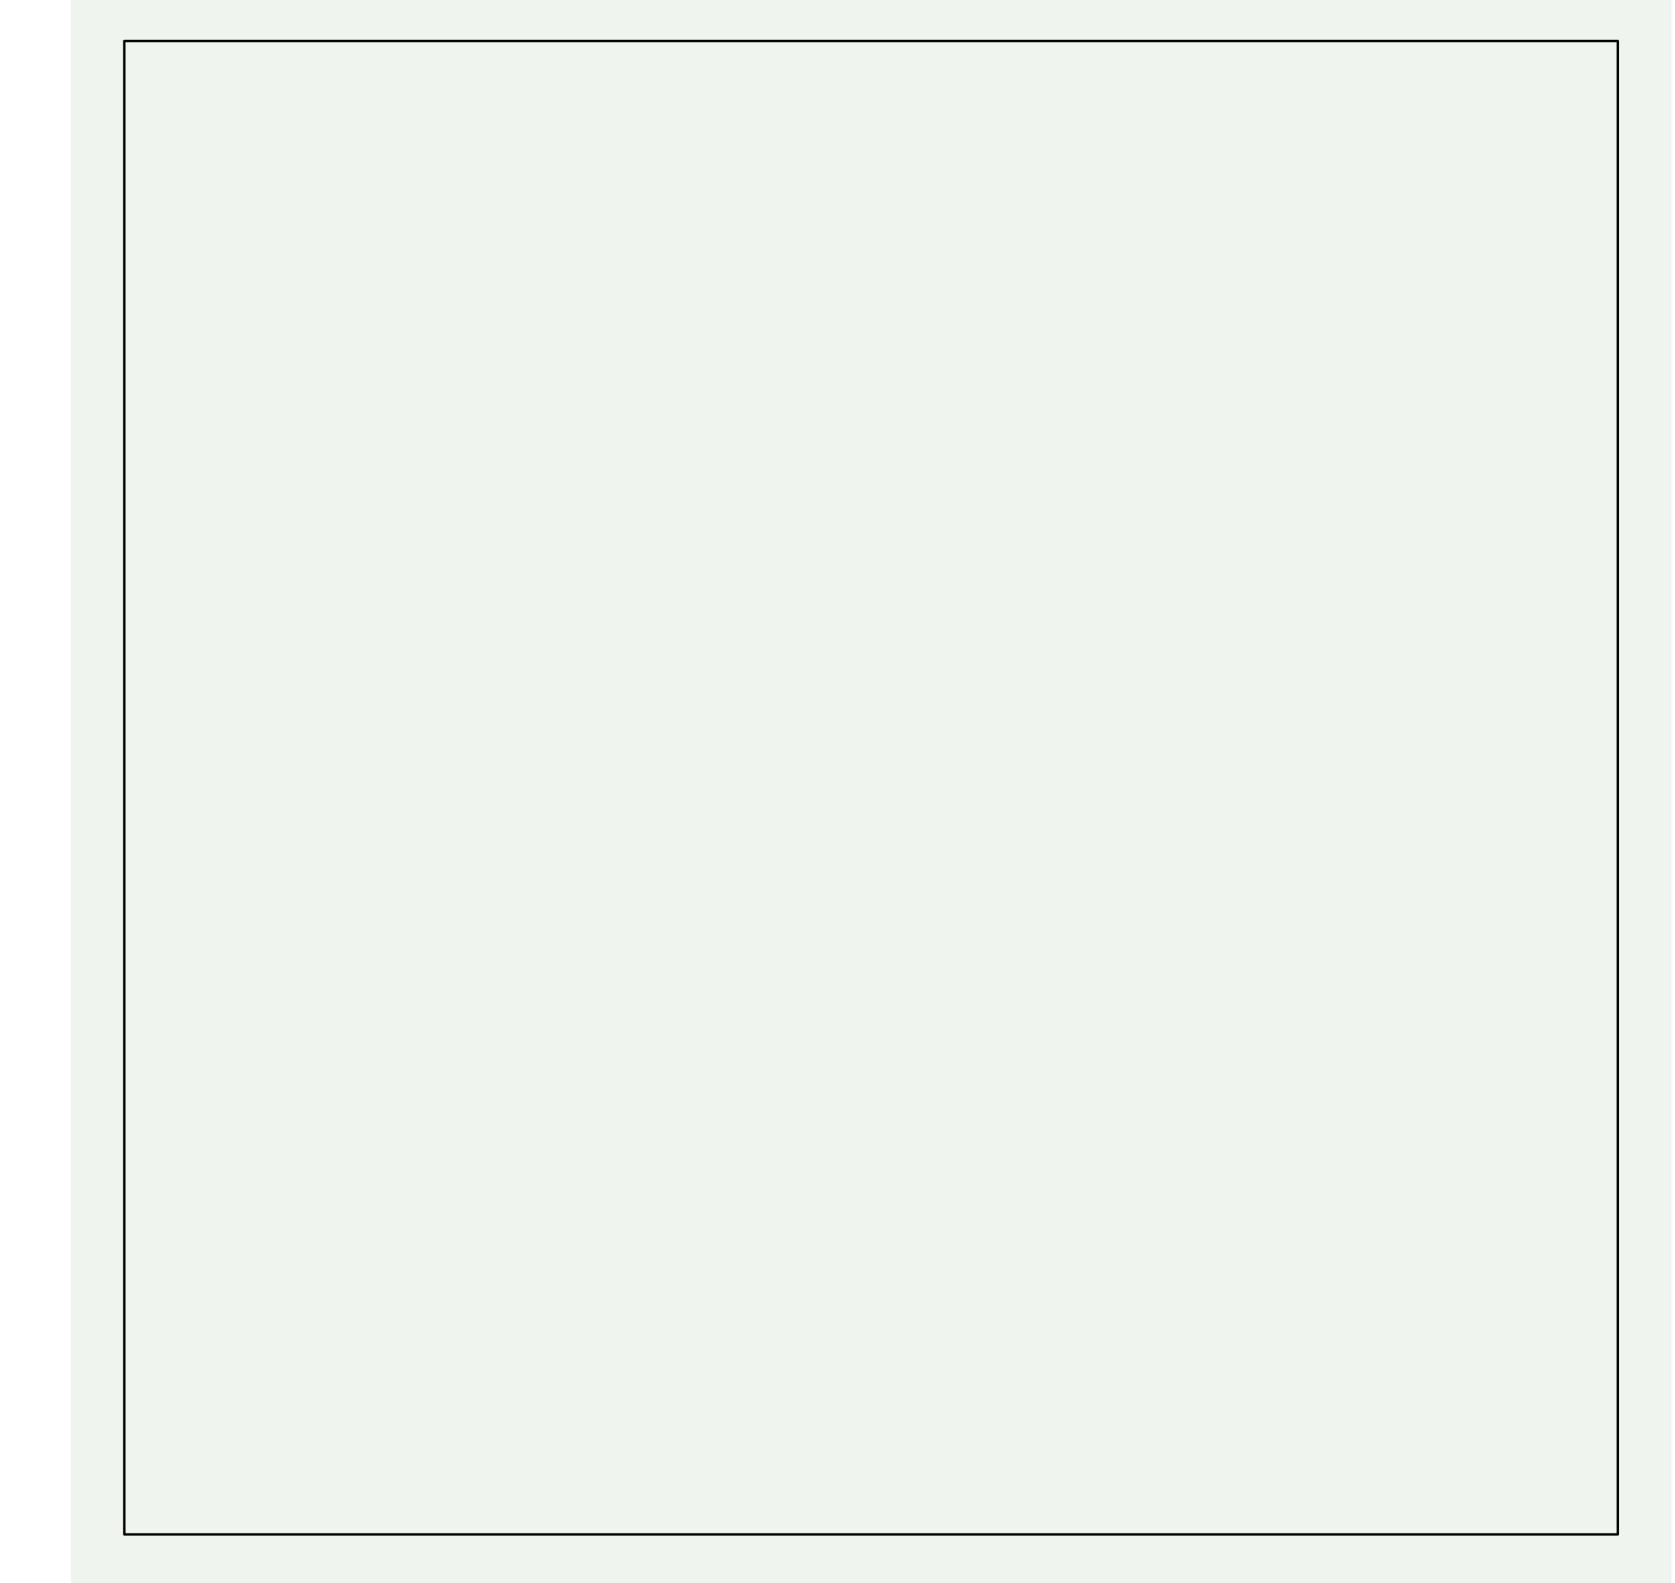

## Bufficorn Notes:

- 1) line thickness not consistent with Regulus
- 2) Proportions not in keeping with Regulus standards
- TLDR using this alongside Regulus will be hard as the images wont look consistent

- Lightsaber Notes:

  1) Not constructed of lines so hard to compare

  2) Colours are not consistent
- with the Regulus lines and fills
- TLDR using this alongside Regulus will be hard as the images wont look consistent
